

ESTABLISHED ACCESS. RECURRING PROGRAMS.

Campus delivery. Built for your client programs.

Your clients. Your brief.
Our campus execution.

Illustrative campus engagement

Make MediCube part of the services your agency offers. Our established campus delivery and engagement network brings your client programs into everyday student life. With a proprietary system already in place, MediCube manages approved product distribution, student participation and ongoing feedback through trusted health and wellness access.

An established system. A bookable campus service.

Reach students in their daily routines.

Interactive screens, QR pathways, video and campus initiative leaders connect your client programs with everyday student life.

Put approved products in their hands.

Products, samples and vouchers move through coordinated fulfillment and distribution, with tracking built into the student journey.

Keep participation connected to results.

Surveys, interviews, reviews, rewards and giveaways support ongoing feedback and tracked campaign participation.

INSIGHT FROM THE PLACES STUDENTS KNOW

Dorm living with 24-hour access, common areas and gyms connect programs with different routines and buying occasions. Monthly, quarterly, seasonal and annual bookings support daily feedback capture and follow-up. Multiple products and programs can run across approved locations concurrently.

DEDICATED TO STUDENT HEALTH, SAFETY & PROGRESS

Women's health and emergency contraception • OTC medicines and hygiene • Overdose prevention, Narcan access and delivered education • HIV/AIDS awareness • Food access and student vouchers

Established across multiple campuses and expanding through contract fulfillment each month, MediCube is supported by relationships including Aramark and Lifeline. Your agency leads the client relationship; MediCube delivers the campus program and agreed tracking.

MAKE MEDICUBE AVAILABLE TO YOUR CLIENT TEAMS.

If your client products or campaigns align with our dedication to student progress, education, safety and health, connect to explore MediCube as a bookable delivery and engagement partner across our growing campus network.
